

URGENT NOTICE FROM ABELL EYES

Abell Eyes will be open this week on Tuesday, Wednesday and Thursday from 8 AM until the last patient is seen at both locations. The week of May 3rd, we are open Monday through Thursday and the week of May 18 we are open regular schedule at 8 AM and closing when the last patient is seen. We are taking extra precautions to protect our patients in need of urgent/emergent care and our post-operative patients. We are also disinfecting each exam room between patients. We will have patients wait in their cars to be called in after registration so there will be a minimal number of people in the waiting room. Please maintain 10-foot distance from all other persons in the waiting area.

If you have been out of the country in the last 30 days or have any of the following symptoms please reschedule your appointment: fever, sneezing, cough, congestion, shortness of breath, vomiting, and diarrhea.

From the CDC website: If you develop **emergency warning signs** for COVID-19 get **medical attention immediately**. Emergency warning signs include*:

- Difficulty breathing or shortness of breath
- Persistent pain or pressure in the chest
- New confusion or inability to arouse
- Bluish lips or face

*This list is not all inclusive. Please consult your medical provider for any other symptoms that are severe or concerning.
